

# RSL Grade 1

## Musicianship Questions

### Part 1

(See Theory Sheet)

You will be asked to identify:

- ◆ The treble clef
- ◆ The time signature
- ◆ Semi-breve/Whole Minim/Half Crotchet/Quarter
- ◆ Rests

### Part 2

#### **Q. Where is your diaphragm?**

A. Bottom of your ribs / Just above your belly button

#### **Q. Where is your larynx?**

A. In the middle of your throat

#### **Q. What is the difference between Head Voice and Chest Voice?**

A. Head Voice is high (in your head) and Chest Voice is low (in your chest).

#### **Q. Why is it important to warm up before singing?**

A. Singing uses muscles, so we need to warm them up as we would if we were running or doing any kind of physical exercise to avoid strain and injury.
