

Let Me Go - Act 2 - Perfect Tragedy

Time goes slowly barely breathing, here back on the ground
I watch you, wonder if you're grieving from this world you've found
Do you ever wonder if I think of you down here
'Cause you still smile when you remember I can see your tears

Why won't I let you let me go, oh woah

So let me go, let me go, let me go
I won't be the one who get's to save you
So let me go, let me go, let me go

Does he know, does he know, does he know
What I'd leave behind if I could be there too
Does he know, does he know, does he know

Oh woah, oh woah
Oh woah, oh woah

I guess it's easy to forget what's behind when you're ahead
And I won't lie or try pretending, I never said what I said
But don't you ever wonder how we're invisible to them
We are a ghost, shadows at most, now I won't love again

And they won't let you let them go, oh woah

Watch you grow, watch you grow, watch you grow
Reaching for the stars but reaching them alone
Left below, left below, left below

Does it show? Does it show? Does it show?
Now you're stitching your part of a broken home?
Does it show? Does it show? Does it show?

Woah's x 8

So let me go, let me go, let me go
Easy to forget us when you just look left
Let me go, let me go, let me go

Did you know? Did you know? Did you know?
We're still here and crying since you chose forget
Did you know? Did you know? Did you know?

Do we show, do we show, do we show
Do we even count in the eyes above?
Do we show, do we show, do we show

So let me go, let me go, let me go
Don't just walk away and then pretend it's love
Let me go, let me go, let me go

Woah's *throughout* outro...
